

Result of Final Asian Science and Mathematics Olympiad for Primary Schools (ASMOPS) 2023

The competition is conducted for two days, one for the Theoretical Round (individual competition) and one for the Experiment Round (team competition). The Theoretical Round consists of multiple choice questions, short answer questions, and long answer questions. Each student chooses either Science or Mathematics subject. The Team Competition consists of Science Experiments, Mathematics Exploration Problems, and Mixed Science & Mathematics Investigation. The time allotted for solving the problem should not be more than 3.5 (three and a half) hours each day.

The Competition is conducted in two (2) rounds:

1. Round 1 for the theoretical examination,

- Science Division: Individual

- Math Division: Individual

2. Round 2 for the experiment examination

-Science and Math: Team

Award of Final ASMOPSS 2023 as follows:

- Gold Award (theoretical examination)
- Silver Award (theoretical examination)
- Bronze Award (theoretical examination)
- Honorable Mention (HM) Award (theoretical examination)
- Best Team (experiment examination)
